

EDUCATION

B.Sc. in Software Engineering

Chalmers University of Technology

Aug 2017 – Present

(Currently enrolled in a swedish 5 year degree which includes both a B.Sc and a M.Sc degree).

EXPERIENCE

Test engineer

Phoniro | Assa Abloy

June 2019 – Aug 2019

Halmstad, Sweden

- Automated web testing in python using selenium.
- Manual testing of different hardware purpose built for use within elder care, (including alarm servers, bluetooth alarm buttons and more).
- Manual software testing of mobile applications.

Teaching Assistant

Chalmers University of Technology

Aug 2018 – June 2019

Gothenburg, Sweden

- Assisted students in a introductory python course.
- After the course I worked with updating and refreshing the course contents for future years.

Nursing Assistant

Halmstad Municipality

June 2017 – Aug 2017

Halmstad, Sweden

- Widely varied duties but ranging from medicinal assistance and other nurse duties to social presence and cleaning.
- Included a one-week nursing education concluded with a medicinal test which you were required to ace.

Student Union

Different commitments I have had within the IT division of the Chalmers Student Union.

Secretary of the board

July 2019 – present

Gothenburg, Sweden

As a member of the division board I have a wide range of responsibilities including representing the division members towards the university as well as the student union council and taking care of the division's internal affairs.

Lay Data Protection Officer

Oct 2018 – present

Gothenburg, Sweden

As a data protection officer of the IT division I was responsible for being sufficiently knowledgeable in GDPR and related laws to examine and council the division in matters regarding personal data management.
